# KZN PASSPORT PROGRAM

Finding the Airfield Location is part of your fun, and we won't spoil it,  
but here are some details to ease you into the swing of things.

Some of these strips are on privately owned land, so please call the Owners before arriving.

*BRINGING YOU NEW PLACES TO  
LAND & NEW ADVENTURES TO  
CONQUER*

## ONE Point

AIRSTRIP	length	surface	elevation	rwyt dir	freq
	OTHER INFO				
McKenzies  S29°52'41" E030 °17'19"	1100m	grass	2750ft	11/29	124,4
	This strip is in the Pietermaritzburg General Flying Area. Approaching over the town brings you pretty close to the trees and the cell tower. Touch down from this direction before the concrete strip, or seriously consider going around.  The Hangar Café KZN on this exciting little strip adjoining Richmond is a delight to visit. See facebook for details @thehangarcafezn  <b>This Private Strip is open Wed-Fri 9am to 3pm &amp; Sat 8h30 to 2pm.</b>				
Eva's Field  S29°29'36" E030 °16'24"	700m	grass	3500ft	17/35	124,2
	Circuits to the NORTH only (to avoid annoying the neighbours), and at 500ft AGL. Call James Bently ahead of time on 082-767-5570 to announce your intended visit. Maintenance done on the field, & it's the home of Flying Frontiers. Watch out for wind shear abeam the trees just before the hangars on Rwy 17. Private Strip. Under the Dbn TMA in Dbn Special Rules area.				
Lawrence's Strip  S29°12'43" E030 °32'17"	1200m	grass	3500ft	02/20	124,2
	Buzz the Strip before arrival to check for and chase animals off the airstrip. Lawrence Hill 082-783-6170 to announce your intended visit. Private Strip				
Howick  S29°33'10" E030 °12'40"	1000m	grass	3615ft	16/34	123,4
	The airfield is inside the Durban Special Rules Area, 124,2. Glider activity often happens on weekends.				
Light Flight  S29°45'59.5" E030 °35'15"	750m	grass	2500ft	01/19	124,4
	Privately owned. Light Flight is a Light Sport Training ATO. The field is well kept.  Runway 19 is a significant upslope, reducing in slope about one third in. Runway 01 approaches over power lines. There is a shorter microlight strip crossing the runway. Joining procedures: Light Flight Airfield, elevation 2500 ft, frequency 124.2. Runway 01\19,750 metres. Slopes downhill from 01 to 19. All circuits to the east, ie 01 righthand, 19 lefthand. Circuit height 3300 foot, call at least 2mins out. Join overhead at 3800 foot. Descend on the dead side and join on the crosswind. Be aware of Grass Roots airfield just to the west of Light Flight, and be aware of, and give way to solo students. Unmanned radio procedures are mandatory.  Contact Geoff Dyer on 082-331-1104				

---

### REMEMBER

*To qualify for the FANTASTIC prizes, you must attend TWO Pmb Aero Club KZN Passport Qualifying Events. See the Club Calendar on our website [www.pmbaeroclub.co.za](http://www.pmbaeroclub.co.za)*
